

1. An economic system based on free markets unrestrained by government interference automatically works best to meet human needs.

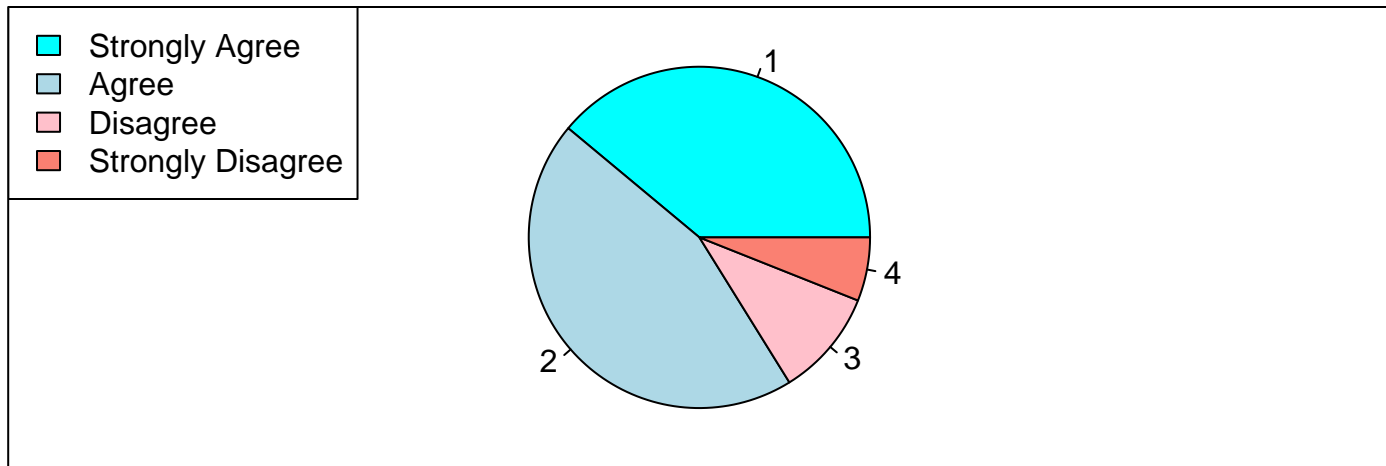

2. I support the free market system but not at the expense of the environmental quality. (R)

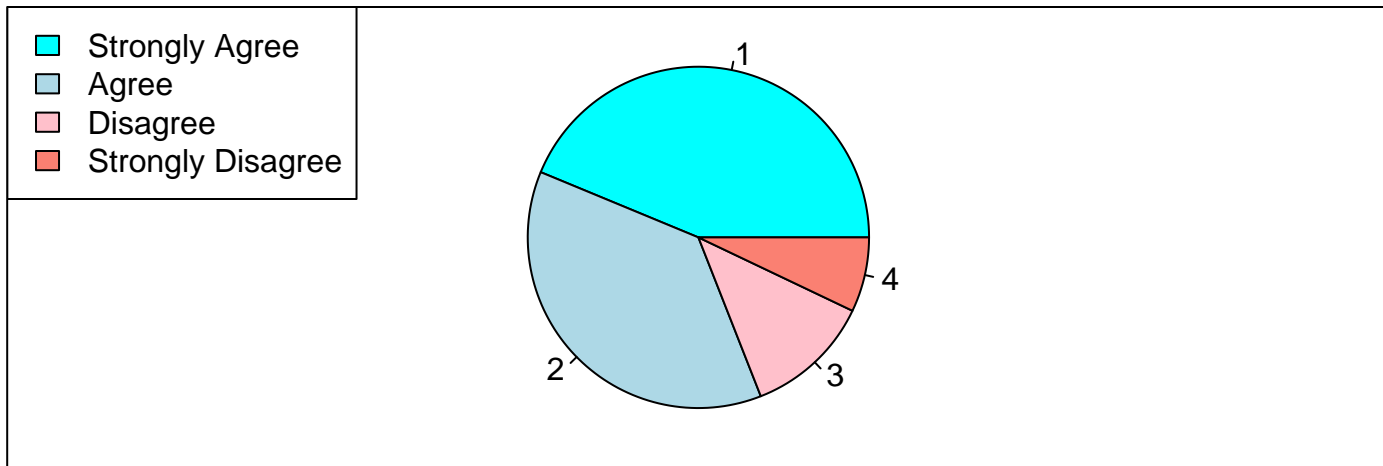

3. The free market system may be efficient for resource allocation but it is limited in its capacity to promote social justice. (R)

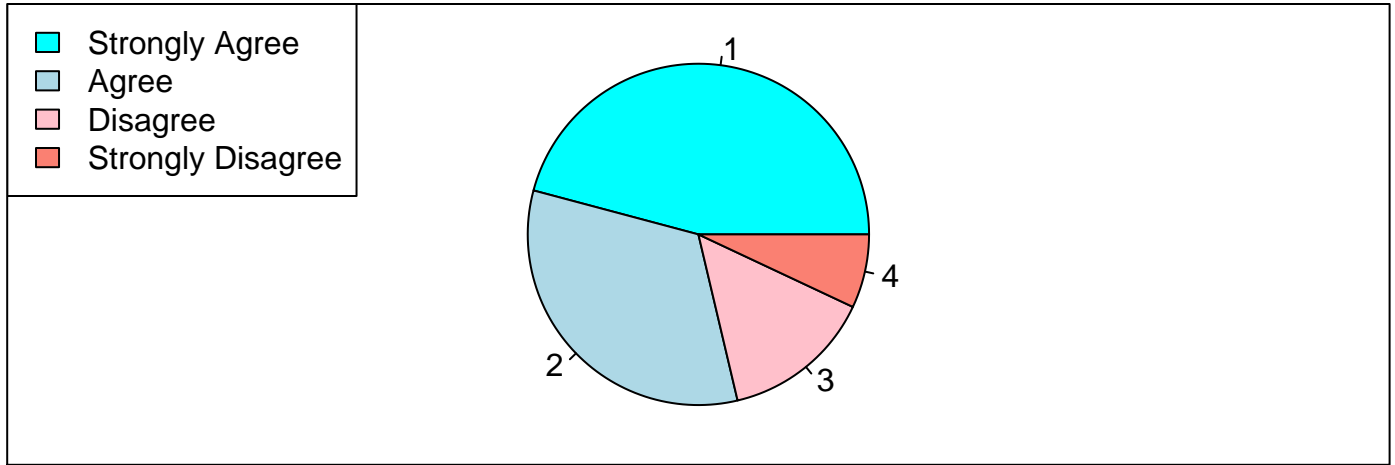

4. The preservation of the free market system is more important than localized environmental concerns.

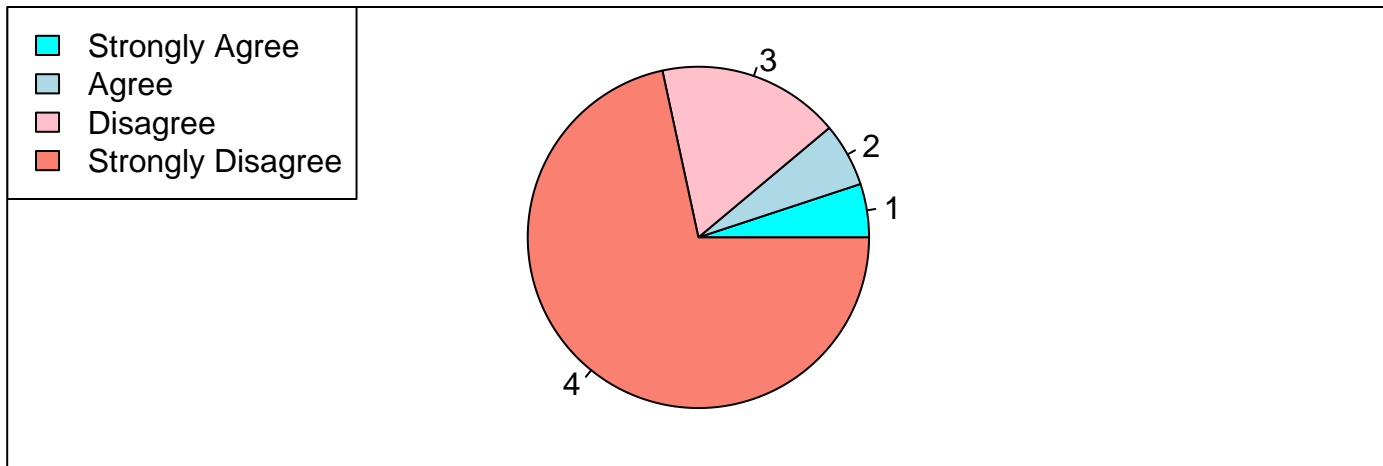

5. Free and unregulated markets pose important threats to sustainable development. (R)

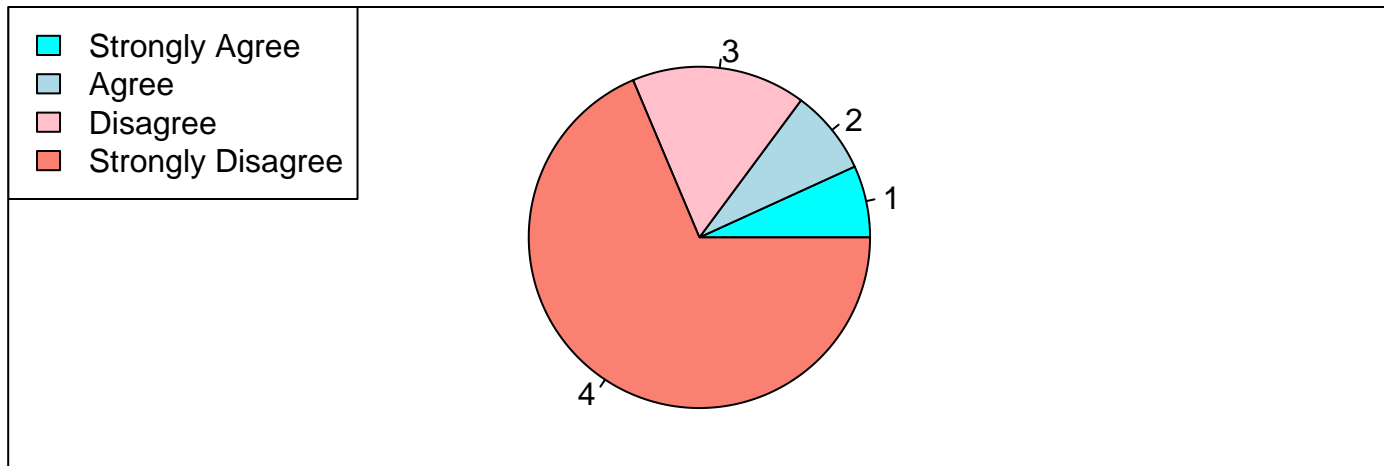

6. The free market system is likely to promote unsustainable consumption. (R)

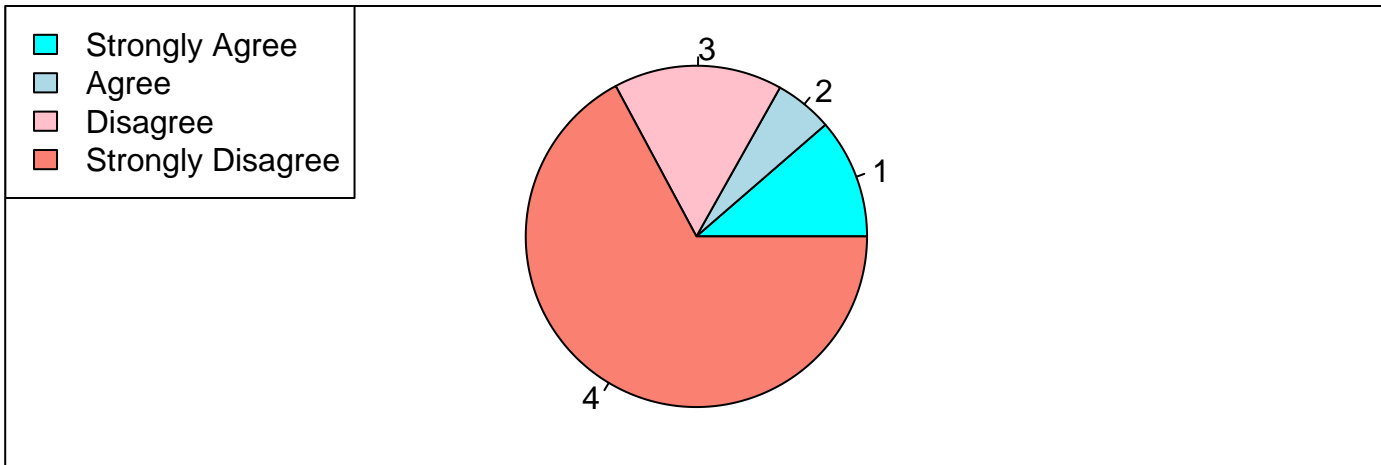

7. I believe that burning fossil fuels increases atmospheric temperature to some measurable degree.

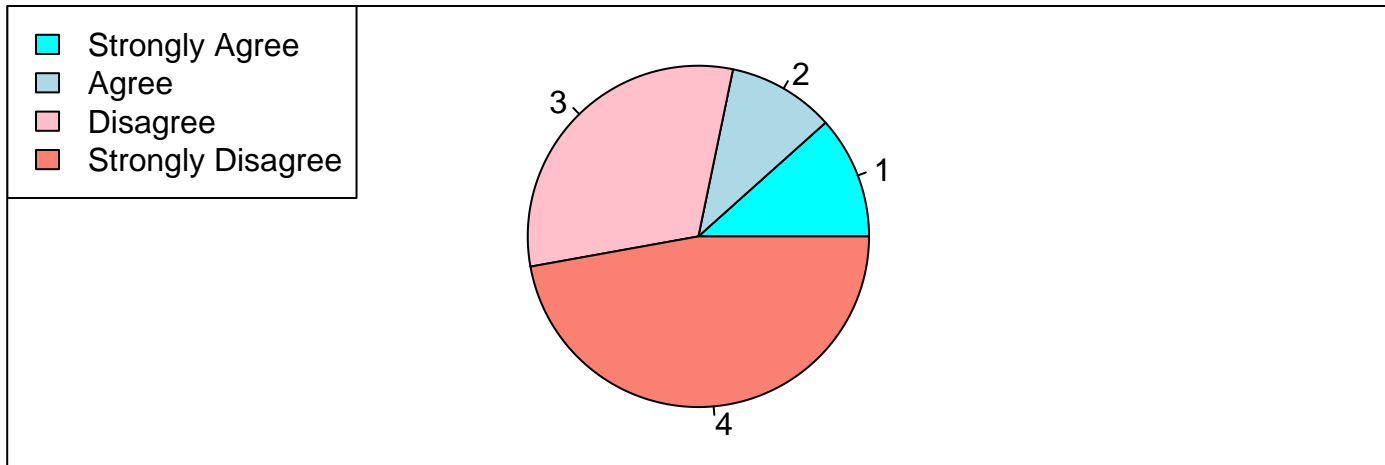

8. I believe that the burning of fossil fuels on the scale observed over the last 50 years has increased atmospheric temperature to an appreciable degree.

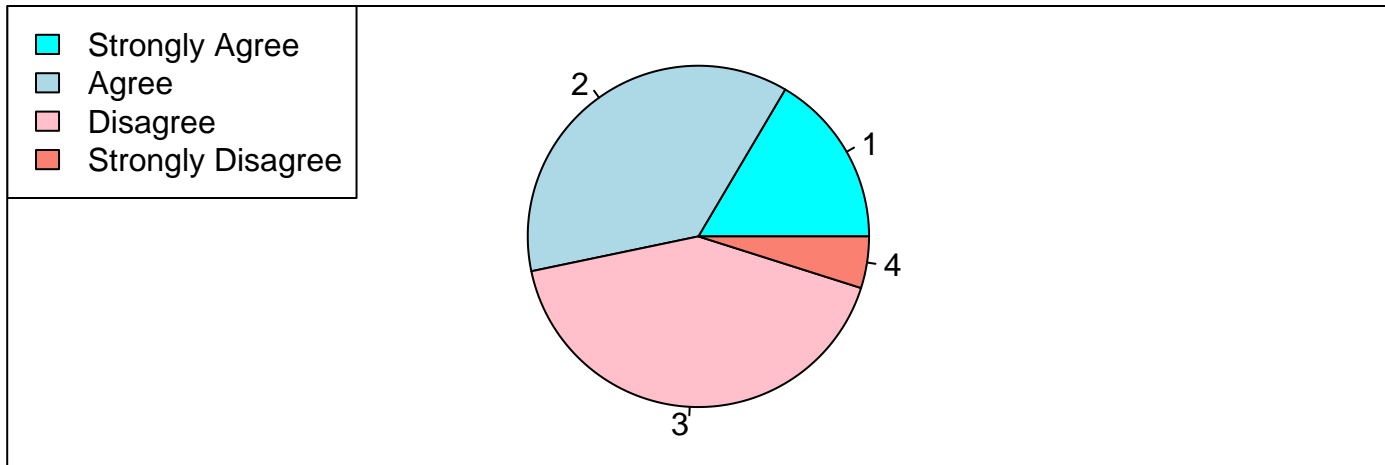

9. I believe that the burning of fossil fuels on the scale observed over the last 50 years will cause serious negative changes to the planet's climate unless there is a substantial switch to non CO2 emitting energy sources.

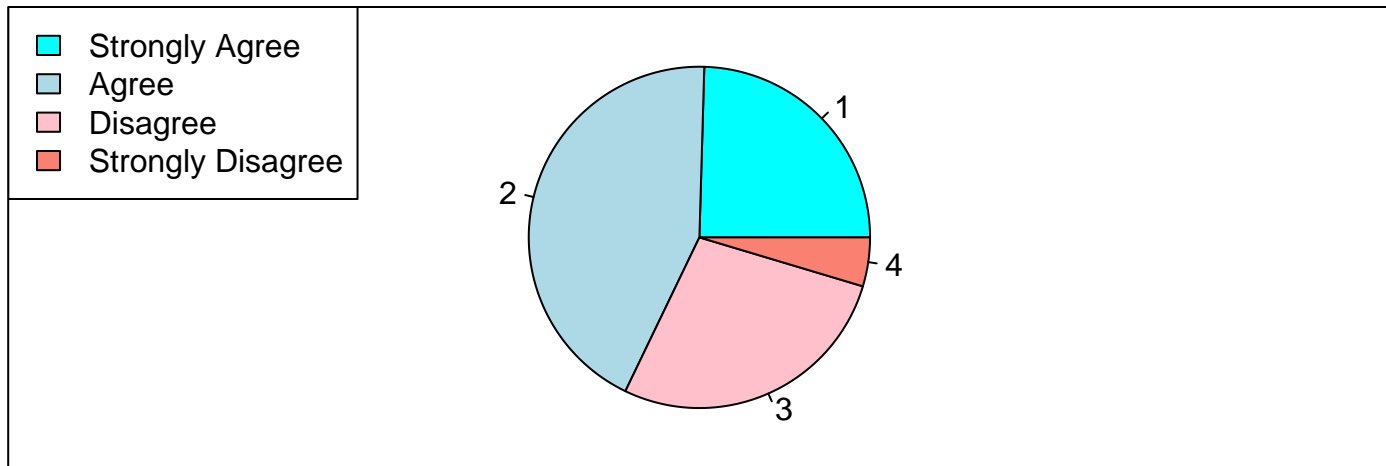

10. I believe that the burning of fossil fuels on the scale observed over the last 50 years has caused serious negative changes to the planet's climate.

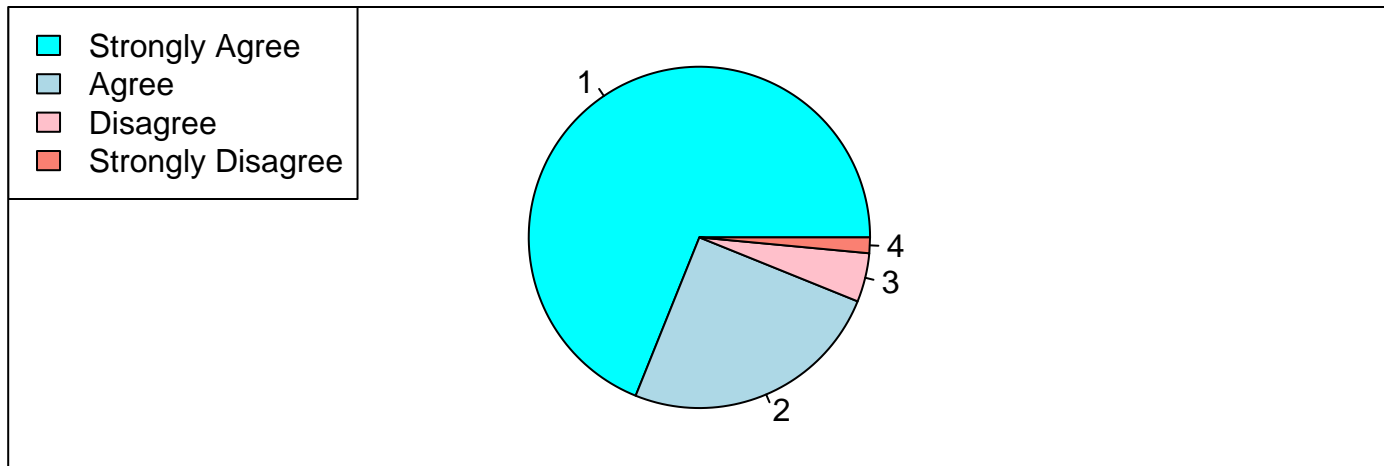

11. The problem of CFCs is no longer a serious threat to the ozone layer.

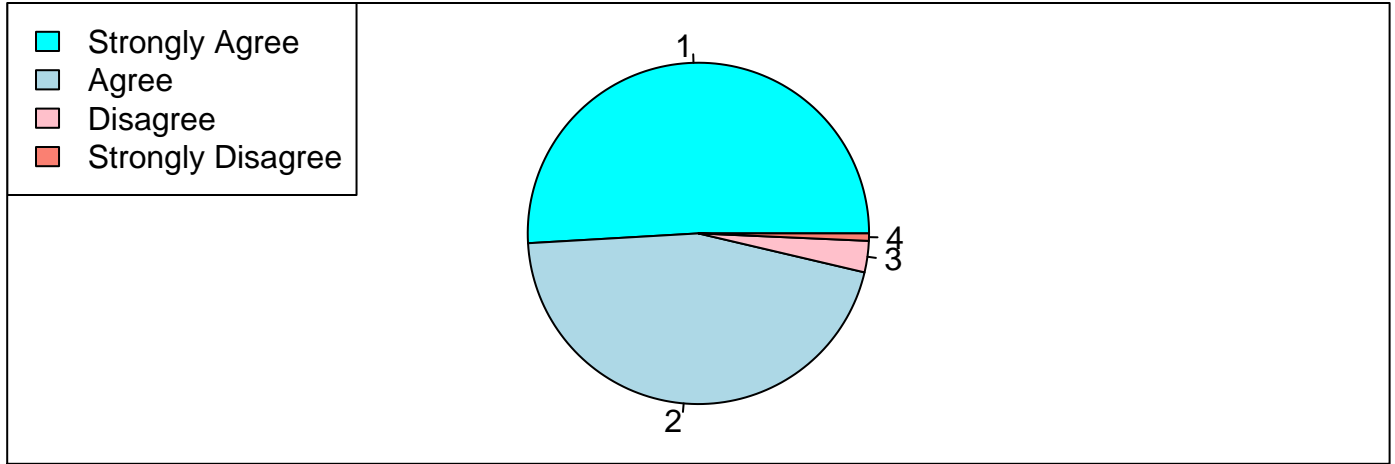

12. The problem of acid rain is no longer a serious threat to the global ecosystem.

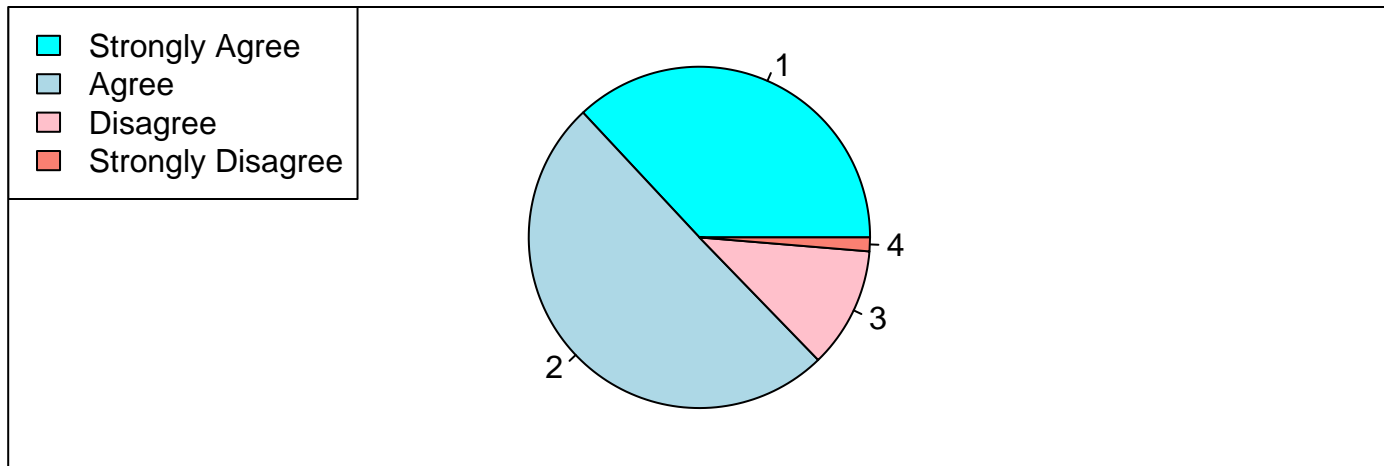

13. A powerful and secretive group known as the New World Order are planning to eventually rule the world through an autonomous world government which would replace sovereign governments.

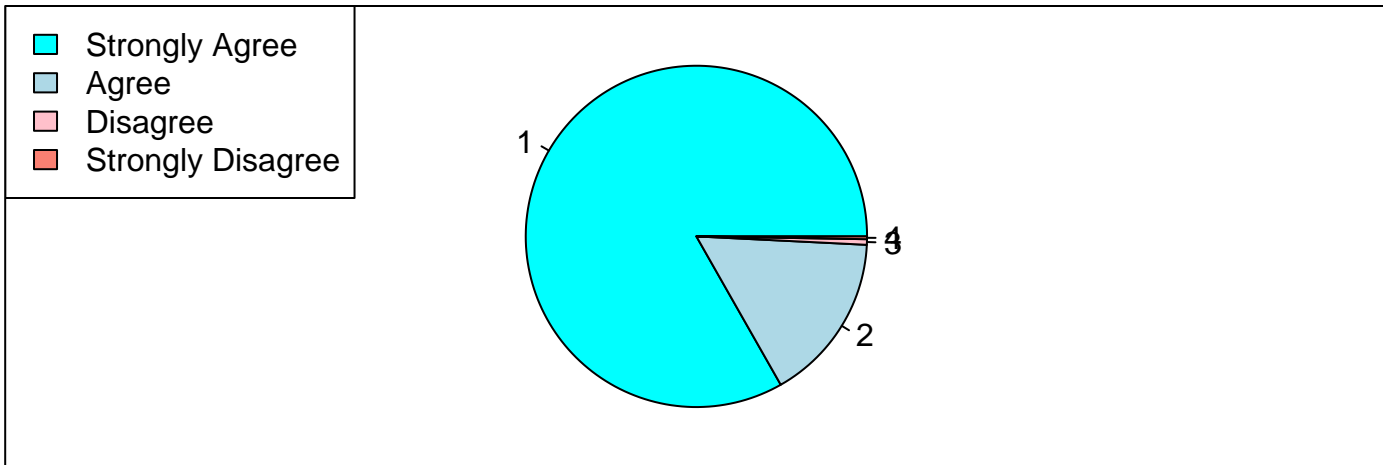

14. SARS (Severe Acute Respiratory Syndrome) was produced under laboratory conditions as a biological weapon.

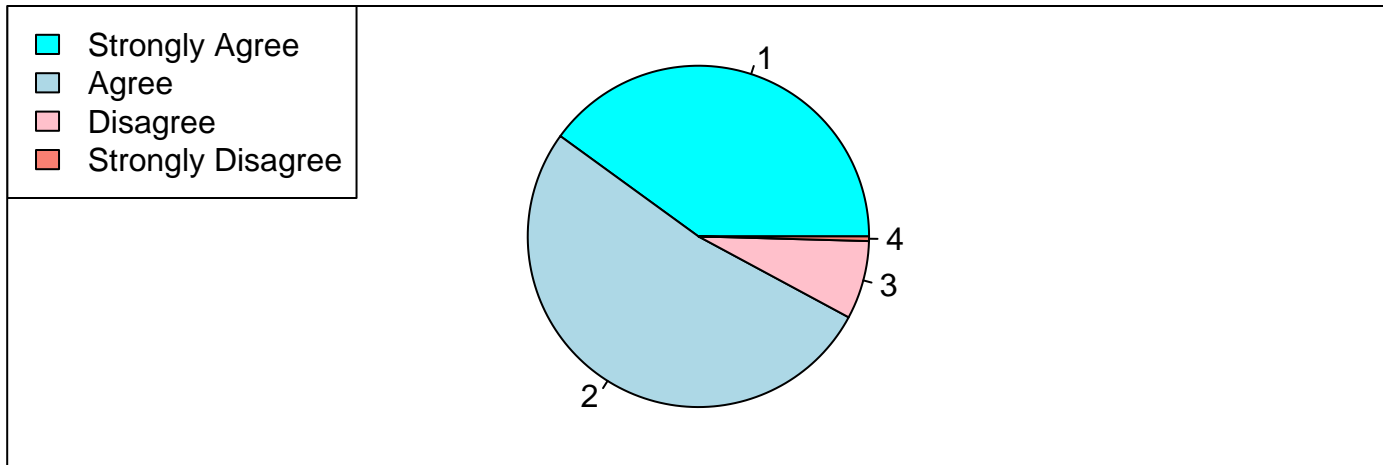

15. The U.S. government had foreknowledge about the Japanese attack on Pearl Harbor but allowed the attack to take place so as to be able to enter the Second World War.

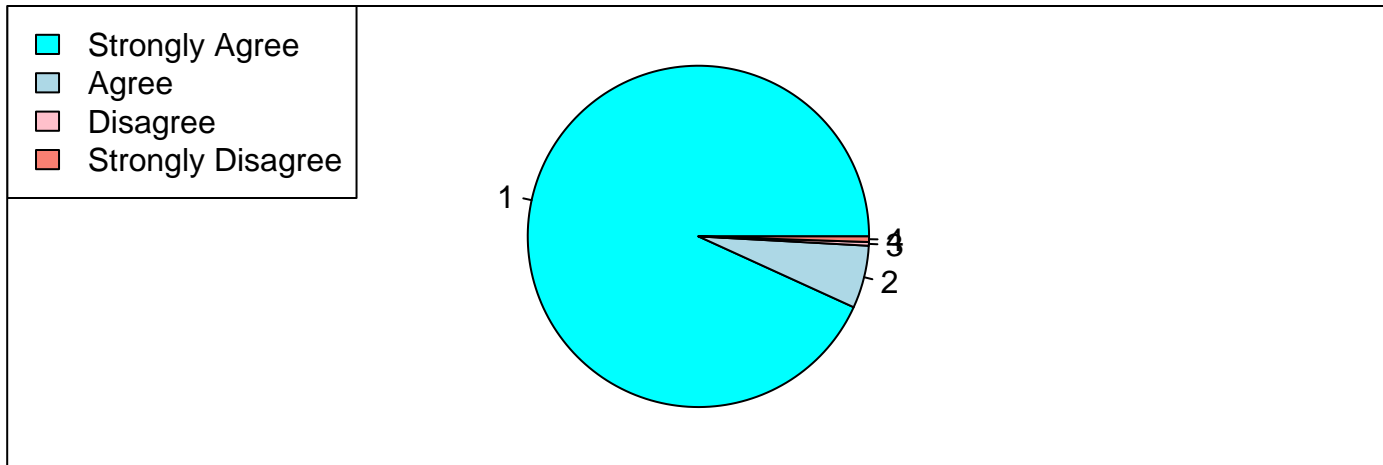

16. The assassination of Martin Luther King Jr. was the result of an organized conspiracy by U.S. government agencies such as the CIA and FBI.

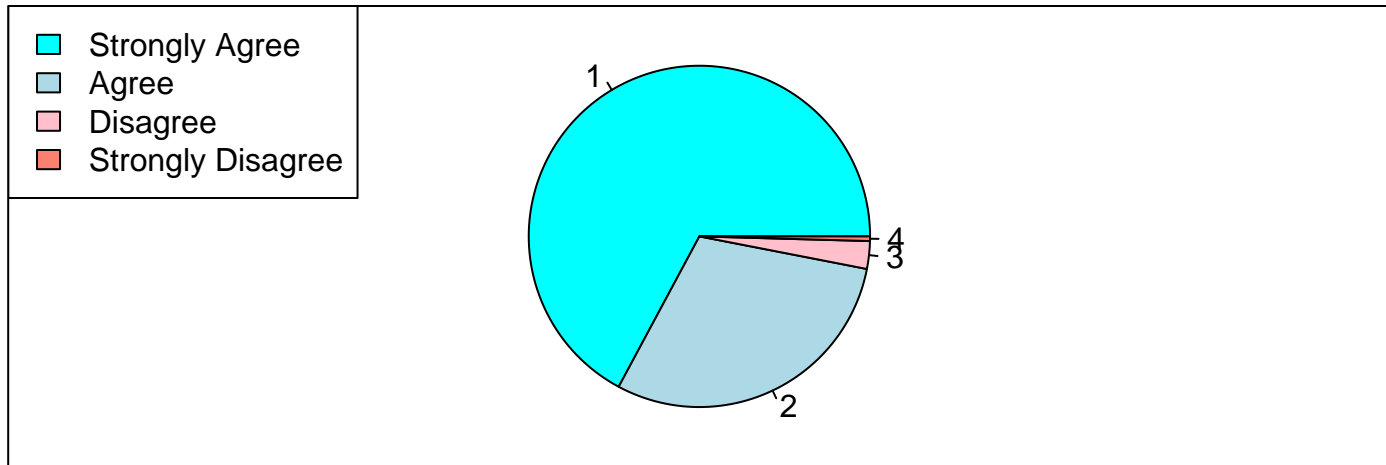

17. The Apollo moon landings never happened and were staged in a Hollywood movie studio.

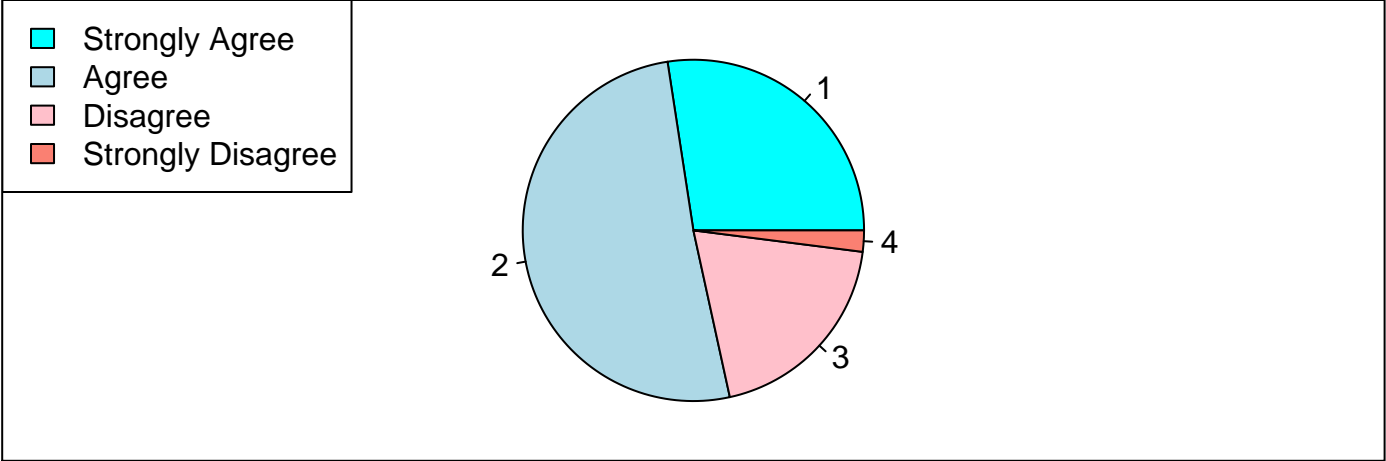

18. The assassination of John F. Kennedy was not committed by the lone gunman Lee Harvey Oswald but was rather a detailed organized conspiracy to kill the President.

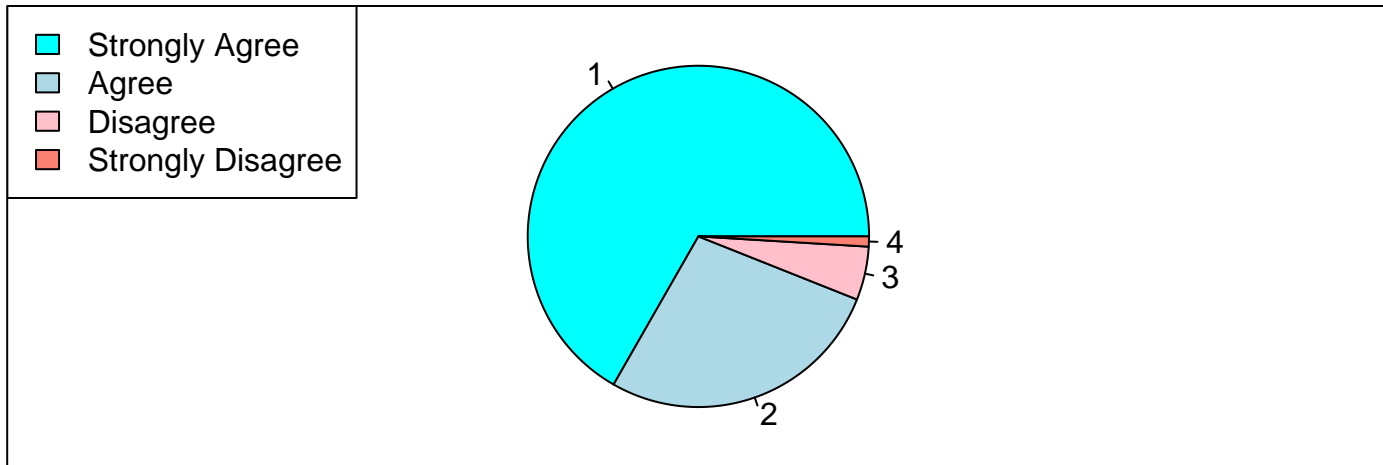

19. The U.S. government allowed the 9–11 attacks to take place so that it would have an excuse to achieve foreign (e.g., wars in Afghanistan and Iraq) and domestic (e.g., attacks on civil liberties) goals that had been determined prior to the attacks.

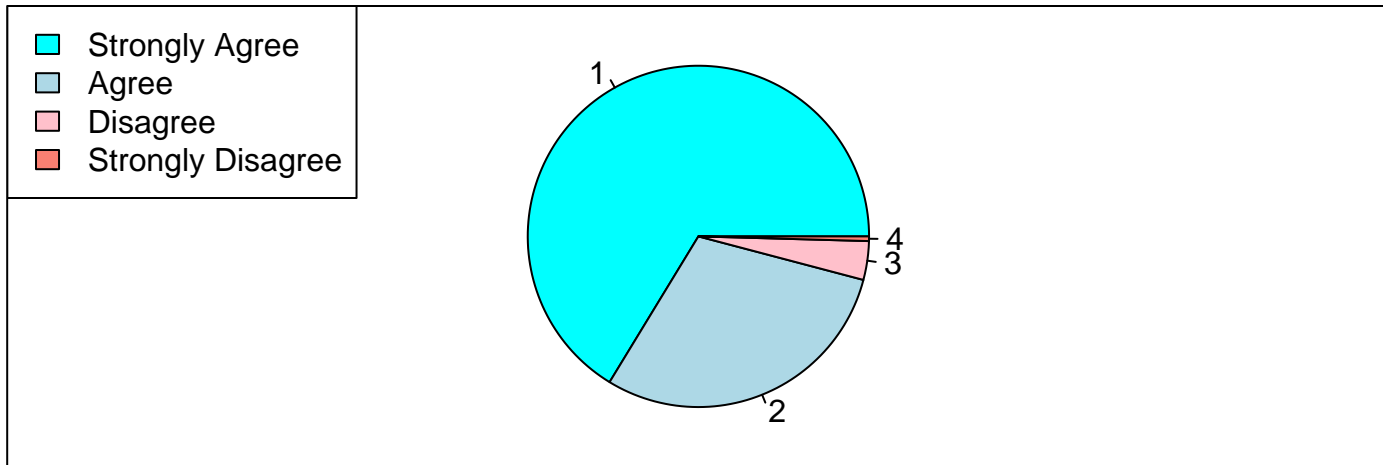

20. Princess Diana's death was not an accident but rather an organised assassination by members of the British royal family who disliked her.

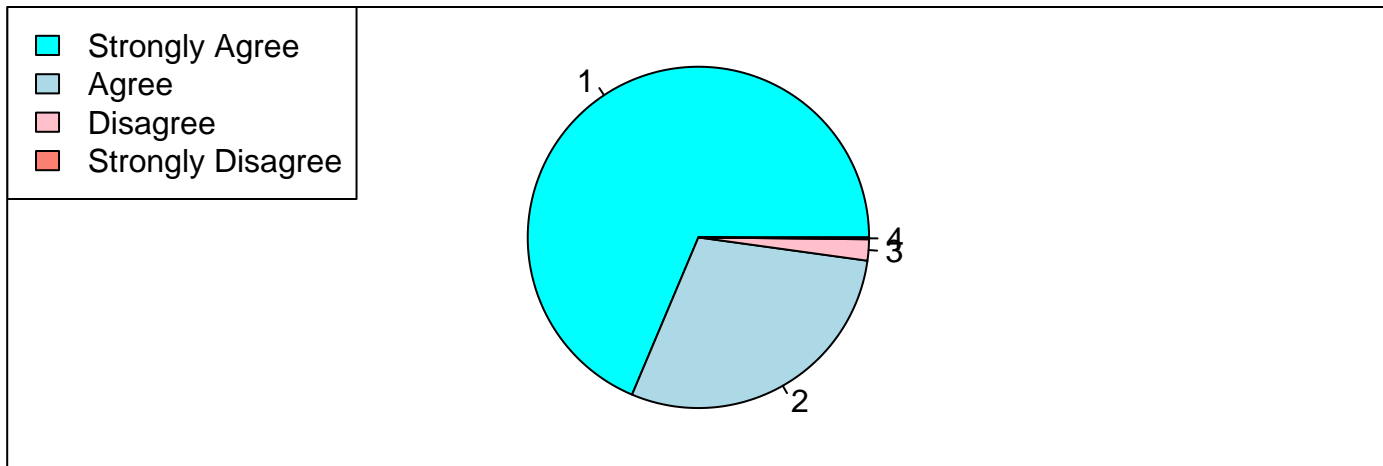

21. The Oklahoma City bombers Timothy McVeigh and Terry Nichols did not act alone but rather received assistance from neo-Nazi groups.

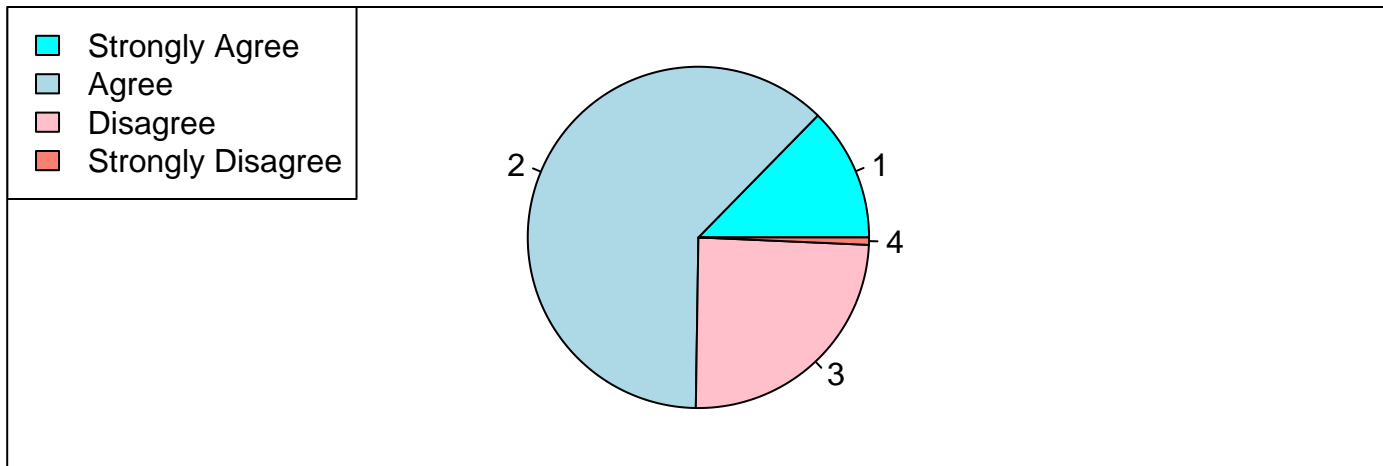

22. The Coca Cola company intentionally changed to an inferior formula with the intent of driving up demand for their classic product later reintroducing it for their financial gain.

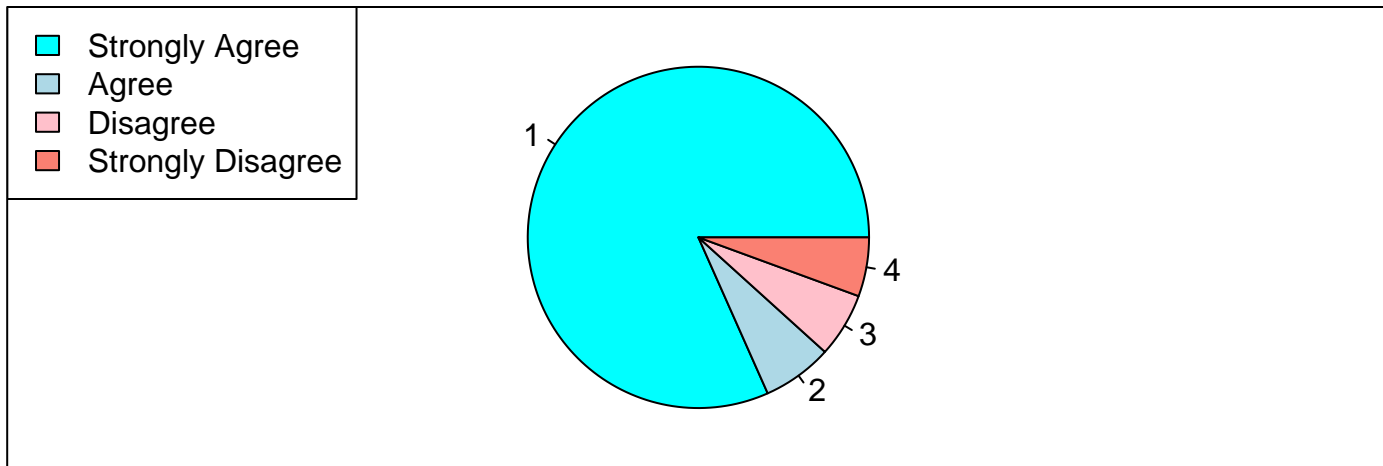

23. In July 1947 the U.S. military recovered the wreckage of an alien craft from Roswell, New Mexico, and covered up the fact.

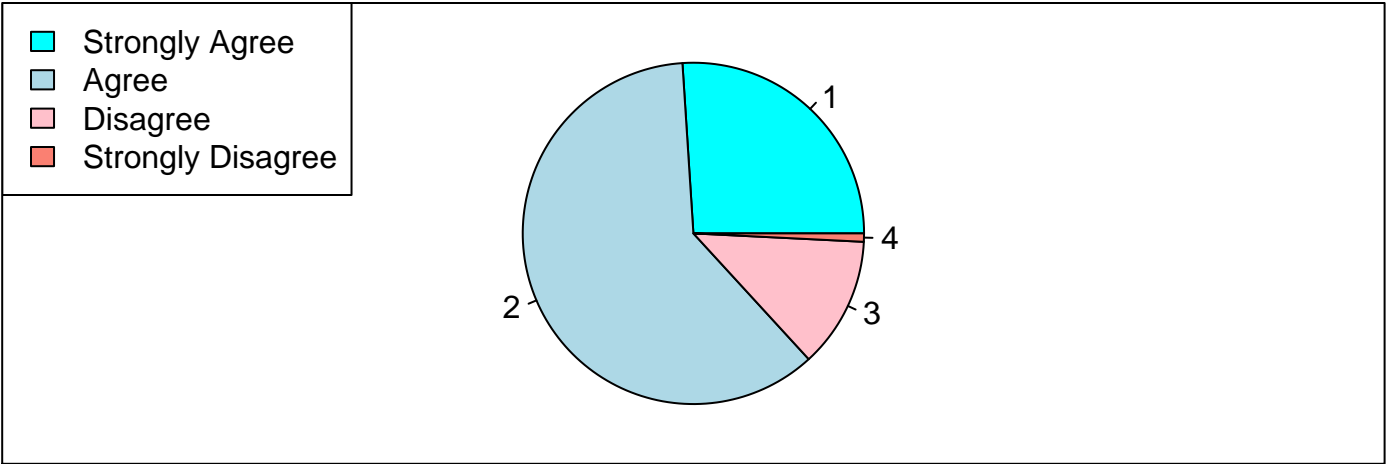

24. Area 51 in Nevada is a secretive military base that contains hidden alien spacecraft and or alien bodies.

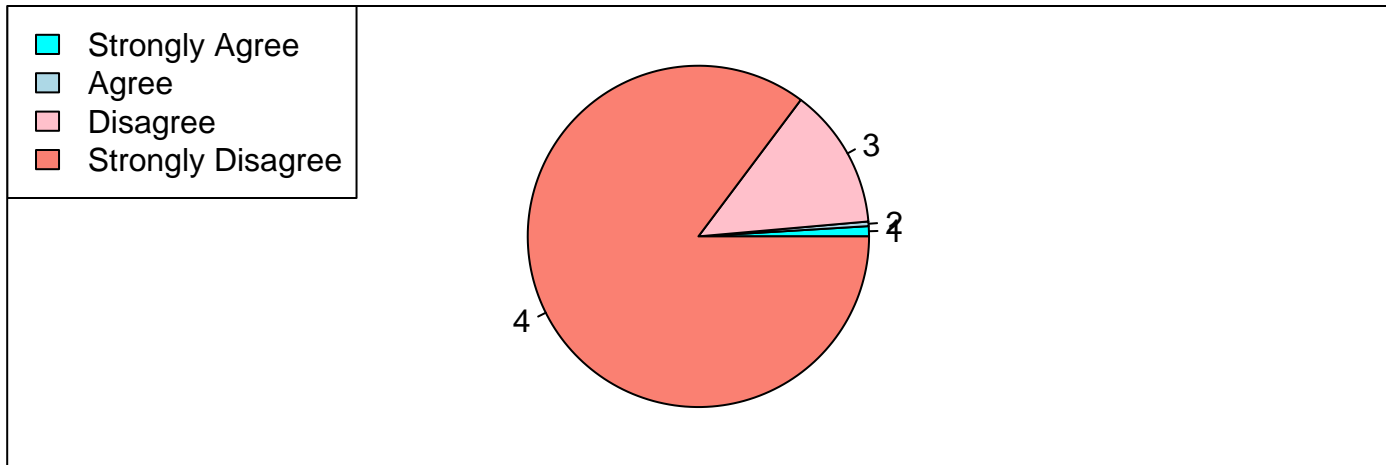

25. The claim that the climate is changing due to emissions from fossil fuels is a hoax perpetrated by corrupt scientists who wish to spend more taxpayer money on climate research.

26. U.S. agencies intentionally created the AIDS epidemic and administered it to Black and gay men in the 1970s

27. The HIV virus causes AIDS.

28. Smoking causes lung cancer.
