Hey Steve,

You know that if you are getting an encrypted email with Rodney CCed, in the middle of the night, something is up.

I will need you to pull all data you have (UltraDNS, TLDs, ccTLDs, and especially the data from the "Secondary" dataset we talked about in May), for the following zones and IP addresses:

trump-email.com
29.133.216.66.in-addr.arpa

af-people.ru
afpeople.ru
alfa-auto-credit.ru
alfa-bank.biz

For the domain names, I want *everything* you see at the domain name and any child label under these zones.

Many thanks Sir!

Rodney, please approve this.
