10/28/2016 12:14:00	mswalters@fbi.sgov.gov	eahawkins@fbi.sgov.gov	Wanted to give you an update re Michael Sussmann/DNC
10/28/2016 12:14:00	eahawkins@fbi.sgov.gov	mswalters@fbi.sgov.gov	?
			Good morning, Yesterday evening I received a phone call from Mr. Michael Sussmann, attorney, PerkinsCole, who represents several democratic party entities (DNC, DCCC, connections into HillaryForAmerica). He called to express physical CI concerns with one of his clients (who he did not name, but would provide a CI agent), particularly regarding potential RF devices (bugs). He is headed into a meeting today at 11am and, if possible, would like to either have contact information or contact with a WFO CI agent prior to the meeting. He was in an airport at the time, so no additional information available. Adrian

11/15/2016 21:48:00	rjyearwood@fbi.sgov.gov	jfrasch@fbi.sgov.gov	Do you guys have good POCs with the DNC? WFO that is?
11/15/2016 21:48:00	rjyearwood@fbi.sgov.gov	jfrasch@fbi.sgov.gov	We did, but largely through Sussman. DNC directed all comms to go through him.
11/16/2016 14:25:00	mswalters@fbi.sgov.gov	eahawkins@fbi.sgov.gov	In the office now
11/16/2016 14:25:00	mswalters@fbi.sgov.gov	eahawkins@fbi.sgov.gov	DNC / Bug — UNCLASSIFIED//FOUO
11/16/2016 14:26:00	eahawkins@fbi.sgov.gov	mswalters@fbi.sgov.gov	cool, you answered all 7s. thanks!
			I'm waiting for SSA to get back to me to get the formal request to do the search started but the guys at OTD are already aware and are on standby for the request to get to them. You can see the email I forwarded their initial take on the signal. Hope this helps. Keep in touch!
11/16/2016 14:37:00	mswalters@fbi.sgov.gov	eahawkins@fbi.sgov.gov	Sounds like you all are still having fun with DNC...
11/16/2016 18:03:00	jfrasch@fbi.sgov.gov	eahawkins@fbi.sgov.gov	heh, haven't been working with them lately. they were worried they were bugged. we punted to [REDACTED]

11/16/2016 18:04:00	eahawkins@fbi.sgov.gov	jfrasch@fbi.sgov.gov	heard about that!
11/16/2016 18:05:00	jfrasch@fbi.sgov.gov	eahawkins@fbi.sgov.gov	sussmann is a bit paranoid. but they had a private sector party pick up an add frequency. our guys are thinking it's being picked up from outside their building. but they'll probably go scan them anyway to check the box
11/16/2016 18:06:00	eahawkins@fbi.sgov.gov	jfrasch@fbi.sgov.gov	interesting. didn't realize we provided that type of service.
11/16/2016 18:09:00	jfrasch@fbi.sgov.gov	eahawkins@fbi.sgov.gov	think our OTD guys can scan, or SecD or something, whoever does the same stuff for our SCIFs. I figured nobody would care anymore since it's post election. Still, told Drake, it's [REDACTED] :)
